

How to Install Your Landing Page Into Optimizepress

Click here for full instructions:

<https://optimizepress.zendesk.com/hc/en-us/articles/203704616-How-to-install-a-content-template>

The first 50% of the instructions show you how to download templates you've bought online. You can skip most of this and focus on the "how to upload and install" section. It's a quick job 😊
